Welcome back

Dear parents and guardians,

We are all looking forward to welcoming our foundation phase pupils back to school this week. We are starting the phase back of the Foundation Phase, with our youngest pupils. The two nursery classes will return tomorrow February 22nd. Then from Tuesday we will be welcoming all of our Foundation Phase pupils.

Things will look very similar to the way they did before Christmas with the children working in their classes and having lunchtime in their classes and playing outside with their friends.

There will be some differences. The classes will be split over larger areas to reduce the possibility of transmission. They will be part of their larger class but with extra space. They will also be seeing staff wearing masks around school and in class. We will also again be reinforcing the importance of hand washing and social distancing through the day.

If you or your children are feeling anxious in anyway please don't hesitate to communicate that with your child's class teacher. We are really keen to make their return to school a happy one and are all looking forward to everyone being back together again.

Guidance for parents on returning to school is also going to be available on the school website.

Kind regards

Helen Evans
Head teacher
