# Criw Cymraeg

## Who are we?

Criw Cymraeg is a pupil voice set up to encourage and promote the use of Welsh throughout the school, across the curriculum and in all areas of school life. Criw Cymraeg meet regularly and are fully involved in planning new and exciting ways to develop and encourage fellow pupils and adults to speak Welsh as much as possible in our school, for example saying 'diolch' instead of 'thank you' and responding with 'croeso' - 'you're welcome'.

## Our Aim

Our school is working to achieve the 'Cymraeg Campus Silver Language Charter' and Criw Cymraeg are instrumental in leading and driving the Language Charter forward. The Charter is based on the principle that we follow challenging but attainable targets in connection with promoting the use of the Welsh language.

## The Criw!

## The targets are broken down into 10 areas:

- 1- Establishing a visual Welsh Ethos
- 2- The advantages of Learning Welsh
- 3- Using incidental Welsh in the classroom
- 4- Using incidental Welsh outside of the classroom
- 5- Welsh in assemblies
- 6- Using apps and websites to enhance learning and enjoyment
- 7- Enrichment activities
- 8- Developing Reading
- 9- Using Welsh across the curriculum
- 10- A positive attitude

We have already met up with Miss Matthias and have arranged a whole school competition to design our new Criw Cymraeg Logo, that will be shown on newsletters, in assemblies and other projects we are involved in.

Remember to check out the weekly newsletter where we will be sharing any Welsh related updates and our Welsh phrase of the week!

*Diolch yn Fawr, Criw Cymraeg!*
